PROTECT OUR  
ENVIRONMENT

# DO NOT RELEASE

## ANY WATER GARDEN PLANTS OR FISH TO MINNESOTA WATERS

They may become nuisance INVADERS crowding out native plants, damaging habitat for fish, birds, insects, and amphibians, diminishing recreational opportunities, and costing millions of dollars for control.

### IMPORTANT TIPS FOR ENJOYING WATER GARDEN PLANTS – IN YOUR WATER GARDEN WHERE THEY BELONG.

- Never transplant non-native plants into lakes, streams, wetlands or stormwater ponds.
- Check your plant orders for unwanted, and potentially invasive, hitchhikers (seeds, plant fragments, snails, insects, or fish).
- Be aware of the regulations regarding possession, transport or sale of non-native plants and animals.
- Learn how invasive plants spread - by seed, rhizome, or even tiny plant fragments.
- Recognize which plants and fish are potentially invasive in our climate zone.
- Properly compost or dispose of unwanted plants or fish.

### CHOOSE THESE ATTRACTIVE AND HARDY NATIVE PLANTS AS ALTERNATIVES TO POTENTIALLY INVASIVE AQUATIC SPECIES

These native aquatic plants can add beauty and interest to your water garden and are likely to be more hardy than exotic plants. Nursery professionals can help you select plants native to your area. Harvesting native plants from the wild may require a special permit or permission.

**ARROWHEAD**  
*Sagittaria latifolia*

**PICKEREL WEED**  
*Pontederia cordata*

**CARDINAL FLOWER**  
*Lobelia cardinalis*

**BLAZING STAR**  
*Liatris pycnostachya*

**BLUE FLAG**  
*Iris versicolor*

**MARSH MARIGOLD**  
*Caltha palustris*

**MONKEY FLOWER**  
*Mimulus ringens*

**WHITE WATER LILY**  
*Nymphaea odorata*

**ELODEA**  
*Elodea canadensis*

**BOTTLE BRUSH SEDGE**  
*Carex comosa*

**RIVER BULRUSH**  
*Scirpus fluviatilis*

**TURTLEHEAD**  
*Chelone glabra*

Even though these plants and fish are native to Minnesota, it is **ILLEGAL** to release or plant them in lakes or streams without a permit from the DNR.

AQUATIC PLANTS ARE REGULATED BY THE MINNESOTA DEPARTMENT OF NATURAL RESOURCES. THIS POSTER PRODUCED THROUGH A COLLABORATION OF THE MINNESOTA SEA GRANT PROGRAM, MINNESOTA DEPARTMENT OF NATURAL RESOURCES, MINNESOTA WATER GARDEN SOCIETY, MINNESOTA NURSERY AND LANDSCAPE ASSOCIATION, AND THE UNIVERSITY OF MINNESOTA EXTENSION SERVICE.

# POTENTIALLY INVASIVE

## WATER GARDEN PLANTS AND ANIMALS IN MINNESOTA

LEARN TO RECOGNIZE THEM:

### PROHIBITED PLANTS

It is against Minnesota law to buy, sell, transport, or possess these plants. You may not even have them in a self-contained water garden. They may be available over the Internet or from an out-of-state nursery or catalog, but it's your responsibility to avoid introducing them to Minnesota.

**PURPLE LOOSESTRIFE**  
*Lythrum salicaria*

Clayton and Michele Oslund

**EUROPEAN FROGBIT**  
*Hydrocharis morsus-ranae*

Robin Scribano

**GIANT SALVINIA**  
*Salvinia molesta*

Larry Allain

**FLOWERING RUSH**  
*Butomus umbellatus*

**INDIAN SWAMPWEED**  
*Hygrophila polysperma*

Ann Murray-UFL

**WATER VELVET**  
*Azolla pinnata*

**AMBULIA**  
*Limnophila sessiliflora*

Ann Murray-UFL

**WATER CHESTNUT**  
*Trapa natans*

Mr. Malchoff

### COMMONLY USED INVASIVE SPECIES

You may enjoy these popular aquatic plants and animals in your water garden, but do not release them to Minnesota's lakes, streams, wetlands, or stormwater ponds; they may become invasive.

**PARROT FEATHER**  
*Myriophyllum aquaticum*

Vic Ranney-UFL

**YELLOW FLOATING HEART**  
*Nymphoides peltata*

Eleanor Burkett

**YELLOW IRIS**  
*Iris pseudacorus*

Clayton and Michele Oslund

**WATER HYACINTH**  
*Eichhornia crassipes*

Clayton and Michele Oslund

**FANWORT**  
*Cabomba caroliniana*

Vic Ranney-UFL

**HYBRID WATER LILY**  
*Nymphaea spp.*

Alison Fox

**GOLDFISH**  
*Carassius auratus*

Doug Jensen

**KOI**  
*Cyprinus carpio*

Daniel Dix
